Docket No. 98N-1265
Food and Drug Administration

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I CANNOT live A NORMAL life without
these natural hormones. I have tried the
synthetic hormones with severe side effects.
My compounded prescription relieves my
symptoms without side effects & makes it
possible for me to back to my normal
self again. Without these ^{Natural} ~~normal~~
hormones there is not much of a future for
me. Don't take this away from me and
hundreds of other ~~women~~ ladies that can't
produce their own hormones due to health reasons.
